EXPERTISE

- Order Planning & Capacity Analysis (MTO & MTS)
- Time & Action (T&A) Management
- Buyer Negotiation (Lead Time & ETD)
- Supply Chain & Stock Management
- Cash Conversion Cycle Planning
- ERP Systems & Buyer Portals (DPCP, LINK, CAPE, RANK2)
- Project Leadership (PCB Integrity, Low Season, Line Continuity)

PROFILE

Results-driven merchandiser with 4+ years' experience in outerwear order planning, capacity analysis, and buyer management for global brands including **Decathlon and Li & Fung**. Skilled in order T&A, stock management, and supply chain coordination, with a strong foundation in data management and strategic planning. Holds a PGD in Garments Business from **IBA, University of Dhaka**, covering apparel merchandising, sourcing and supply chain strategy, costing, and business management – pairing hands-on industry expertise with formal strategic training.

CAREER OBJECTIVE

To secure a merchandising management role that leverages proven experience in order planning, buyer negotiation and cross-functional leadership to improve team performance, account growth and strategic decision-making in an international apparel company.

WORK EXPERIENCE

SNOWTEX Group

May 2023– Present

Merchandiser – Team DECATHLON

- Maintained 96% HOT (Handover On Time) delivery across 28M pieces, including 40% new model development.
- Drove 2.3% account business growth through buyer support, on-time delivery, and flawless order execution.
- Led the PCB (Pack Per Box) Integrity project, contributing 2% to team profitability.
- Sustained 4–6% company profitability through the Low Season project during off-peak periods.
- Contributed to the Line Continuity initiative, maintaining 5–6% profitability amid reduced order volumes.
- Negotiate lead times and ETDs with buyers to protect line continuity and secure favorable shipment terms.
- Optimized Decathlon stock management, reducing inventory holding costs and material shortages.

GENERAL SKILLS

- Communication & Interpersonal Skills
- Cross-functional Team Collaboration
- Data Management & Analysis
- Microsoft Office (Advanced)
- Problem-Solving & Decision-Making
- Strategic & Business Planning

LANGUAGE

- English - Fluent

SNOWTEX Group

July 2022- May 2023

Trainee Merchandiser - Team LI & FUNG

- Developed new styles in line with buyer requirements and briefs.
- Managed pre-production samples from development through approval.
- Approved trims and accessories, including estimate booking of materials.

Oct 2021 - July 2022

URMI Group

Jr. Executive - Seamless Dyeing & Washing

- Developed dyeing plans for seamless production, coordinating with production teams to meet shade and delivery requirements.
- Analyzed and resolved shade-matching issues during production to minimize rework and delays.
- Verified shade accuracy against approved shade cards prior to bulk production sign-off.
- Supported quality control by identifying shade deviations early and recommending corrective dye adjustments.
